THE BIG STORE

PENSACOLA'S BUSY
BARGAIN CENTER

Not One Time, But All the Time

A CONTINUAL offering of Bargains and actual saving of fully 50 per cent. on all reliable merchandise the entire year. Buying as we do in large quantities and from first hands enables us to do this. At the end of each season you do not find this store getting up one of those "RED CLEARANCE SALES" and promising to give you something for nothing. It can't be done. Do not be misled. Do your trading at The Big Store, where they never advertise a bargain unless they have it, and where they always refund your money promptly when you want it.

Monday and Tuesday

No. 331 SOUTH PALAFOX ST.
PENSACOLA, FLA.PEARY STARTED
FOR THE NORTH
TOO LATEDelay in Dispatching Steamer May
Frustrate Plans for This
Summer.

P. T. McGrath, of St. Johns, N. F., who is an authority on Northern voyages, writes to the Chicago News as follows: "The delay in dispatching Peary's steamer Roosevelt threatens to interfere seriously with his plans for getting to the far North this summer. His original intention was to have her leave New York on July 4 and get away from the Newfoundland coast about a week later, declaring himself in several interviews that any detention after July 10 would seriously handicap him in his endeavor to attain an extreme nothing before the polar channels freeze up, so that he might, if possible, get into the open polar sea and establish himself there before the brief summer months end. However, he only left Sydney, N. S., on July 27, where he had been coaling, and has still to call at some port on the Newfoundland coast to put ashore his last letters and take his final departure for the North. He is, therefore, about three weeks behind the date which he fixed as his latest, and, although his ship is much faster than previous exploring boats, it must be evident that he has no time to spare if he is to reach any far-away point within the frozen zone this year. His hope was that he could get as far up as the Polaris and Thetis went in 1871 and 1882, which ships got right into the Polar sea in the one season, being favored by a brief spell of open water, and this would be a great advantage to him, as he would have his advanced base within about 500 miles of the pole itself, or 300 miles nearer than he could otherwise reach. He would, therefore, be able to make his dash across the paleocrystic ice to the pole next spring and have a second year in which to repeat the effort if he failed the first time.

"But if he is unable to reach a very northerly point now he may be doomed to a whole year of inaction and perhaps to the frustration of his best hopes. He had hard luck this spring in that he lacked the money to equip his vessel after he had her built, and the time lost in this way it is difficult for him to make up now. The explorer who would secure the best oppor-

MOLINO

Special to The Journal.

Molino, Aug. 12.—The farmers said last week they were satisfied as it had stopped raining long enough for them to save their fodder, but now the rain is injuring the cotton.

Miss Katie Nicholson, daughter of Mr. Angus Nicholson, of Milton, returned to her grandmother's after spending several days here last week as the guest of her uncle and aunt, Mr. and Mrs. E. Hall.

Mr. Ernest Snowden, of Olive, was in Molino Sunday visiting his parents.

Mr. James Daffin, of Quintette, was a visitor in Molino Sunday.

Mr. Willie Neil and his sister, Miss Agnes, of Pensacola, were also visitors at this place Sunday, the guests of Misses Annie and Lillie Dowling.

Miss Annie Dowling celebrated her birthday anniversary Wednesday. She was the recipient of some nice presents, which she prizes very highly.

Mr. Willard Crabtree left Monday to go to Millview, Fla. to take a position as clerk in the Southern States Lumber Co's Store. He had been here clerking for the firm of L. C. Crabtree & Co. for nearly two years and during that time he has made himself pleasant and agreeable to everybody. The best wishes of all the Molino folks go with him to his new place of business. Mr. H. P. Dawson, of Jennings, Fla., succeeds Willard in the store of L. C. Crabtree. Mr. Dawson is no stranger among us, and we are glad to have him in our little town.

Miss Harris, of Chumuckla, is here visiting her sisters, Mrs. Penton and Miss Nellie Harris.

Mr. Davis Tait, of Marianna, was here today on business in the interest of the L. & N. railroad company.

There are no serious cases of sickness in our town.

tunities for advance through its ice-cumbered waters should be on the Greenland coast about the middle of July. In the case of the relief of the Greely expedition they were there early in June, and the whole expedition, with the few survivors of Greely's ill-fated party, were back in St. Johns on July 17, or nearly a fortnight before Peary will now be able to leave.

"Consequently, Peary has grievous disadvantages to contend with, and, though he may still succeed, it will be in spite of obstacles which he will surmount or because of exceptionally favorable ice conditions in the North, whereas he should be in a position to avail of normal circumstances and gain his nothing by utilizing them. None the less, with his capital crew of hardy Newfoundlanders, nothing will be left undone to carry the stars and stripes beyond the flags of all countries. If not, indeed, to the pole itself."

SHERIFF LEWIS
ON DEFEAT OF
COURTHe Is Disappointed that New Court
Was Not Established in
Jackson County.

Sheriff Hayes Lewis, of Jackson county, who has spent the past two days in Pensacola, was seen yesterday by a Journal representative regarding the election held in that county on the proposition to establish a criminal court of record there. The election, as already told in The Journal's special correspondence, resulted in a defeat for the court.

"I was satisfied the proposition would be defeated," said Sheriff Lewis, "but I am nevertheless very sorry that it was. We need an additional court in Jackson county very much, as all of the business now has to be done through the circuit court and the docket becomes at times very badly congested.

"The establishment of this court would have meant a decrease in the fees of the office, so that, so far as my personal interests are concerned, the defeat of the proposition is to my personal advantage. The public interests, however, needed the court and I

SCOURING YOUR SCALP.

Will Remove the Loose Dandruff Scales But it Won't Cure Dandruff. If your hair is brittle and thinning, you have dandruff. The mere scouring of the scalp of the loose scales won't cure dandruff, because dandruff is nothing but scales of scalp being thrown up by a pestiferous little germ in burrowing its way to the root of the hair where it saps the vitality, causing falling hair and, in time, baldness. Now you can't stop dandruff nor falling hair, nor prevent baldness unless you destroy that germ; and the only preparation that can do it is the new scientific discovery, Newbro's Herpicide. In fact no other hair preparation claims to kill the dandruff germ—all of them will clean the scalp; soap and water will do that, but only Newbro's Herpicide gets at the root of the trouble and kills the dandruff germ. Sold by W. A. D'Alemberte, druggist and apothecary, 121 S. Palafox street, Pensacola, Fla. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

WHAT C. APOSTLE HAS TO SAY.
MEMORIES OF THE PAST.

In 1882 or 1883, an epidemic of yellow fever was declared in Pensacola with a frightful result.

From 100 to 150 cases of yellow fever per day, and fifty to sixty deaths. Such was the frightful catastrophe of humanity.

Dr. Bosso was living in Mobile and he came to Pensacola like a brave general, fearing not death. The result was that in a week he stamped out the yellow fever in Pensacola with his famous medicine—the same remedy we have today, and in the name of common sense such a trifle thing of 50 cents, which it required to stop the fever in Pensacola. Let us everybody get a bottle of this famous medicine and clean their systems. In this hot month of August, it is proper and just for us to clean our system and we will not know any fever whatever. This famous remedy is within the reach of the rich and of the poor, and there will be no cause of saying the medicine is too costly to get it.

The authorities work hard, and the doctors work hard, for the purpose of saving Pensacola clean of any kind of fever. Let us help the doctors and the authorities and in order to do this we have to get Bosso's Blessing to Mankind. It is only 50c, and I am satisfied that there is not a lady or gentleman in Pensacola which is not willing to spend 50c in order to keep out the fever in Pensacola.

Nick's Restaurant is the depot of this famous medicine. Everybody should get a bottle of it.

C. APOSTLE.

New Suits Filed.

The following new suits were filed yesterday in the office of the clerk of the circuit court:

Jas. Stallworth, ex parte, petition; Blount & Blount, attorneys for plaintiff.

Consolidated Grocery Company, a corporation, vs. R. R. Cowan, damages \$2,000; Blount & Blount, attorneys for plaintiffs.

I am sorry that the voters at large did not see fit to approve it."

Sheriff Lewis is one of those unique personalities who make lasting impressions on everyone, with whom they come in contact. He is tall, lean and lean, with clear-cut features and a frank but piercing eye that commands the man to you from the first meeting. After one has talked with this native product of what was at one time, and not so many years ago, known as the Florida backwoods, and felt the power and sincerity of his vigorous hand grasp, it is not hard to understand why Hayes Lewis, as he is familiarly known, is a political power among the people of his home county, with all prospects of retaining his strength as long as he desires it.

THE ESSENCE OF
LIFE.

THE BLOOD

is the very essence of life. Keep the blood healthy and the various organs will be healthy. The way by which the blood is to be kept pure and healthy is not by administering so-called blood tonics, but by keeping the glands of the body pure, sweet and clean, and this is to be accomplished by a gentle assistance to nature. Nature rebels against the powerful drugs that are administered to-day for her assistance. She does not stand in need of them; they always do her harm. Do not put powerful drugs into your stomach.

Long Life
Liver and
Kidney Cure

the discovery of Rev. H. E. O'Grady, will be found the best remedy ever offered to relieve constipation and all the forms of Liver and Kidney trouble. If your liver is right you will not suffer from indigestion, jaundice, chills, fever, and many other troubles arising from diseased liver.

Louis Saks, of Birmingham, Ala., the largest clothier in the state, says: "Your Long Life Liver and Kidney Cure is rightly called Long Life, as it is a medicine of great merit."
